**Be Liberal to the Ladies Aid Society.**

The citizens of Santa Fe should be the Ladies Soldiers Aid society liberally with money and donations and with gifts of groceries, table tinware and the like, in fact with anything that can be used for the comfort and maintenance of the New Mexico volunteers about to be enlisted here. This is done in Denver and in all western cities and should be done here. Help the worthy objects of the Ladies Soldiers Aid society and do it quickly; especially should merchants and property owners of this city at once contribute whatever in their power for the benefit of the society. It takes money to care for these volunteers who have come and are now coming to Santa Fe for the purpose of enlisting. Until these men are enlisted they must be cared for and meals must be furnished them. Help along, merchants and property owners of this city and do what you ought to as public spirited and patriotic citizens.
